PLOT TO RESTORE MEXICAN DICTATOR

Jose Crozco Alleged to Have Public Lands to Be Sold to Confessed to Movement in Huerta's Interest.

WARRANTS TO BE ISSUED FOR 12 PARTICIPANTS

Statement Made by United States Attorney at San Antonio Discloses Plan for Uprising.

SAN ANTONIO, Tex., November 6.-Jose Orozco, former chief lieutenant of his cousin, Gen. Pascual Orozco, and who is a prisoner at El Paso, has made confession of an alleged plot to re tore Victoriano Huerta to power in Mexico, according to information given out at the office of United States District Attorney J. L. Camp, in San An-

It is understood that warrants will be issued for the arrest of at least twelve men, said to be implicated in the plot. The following extract is taken from the alleged confession, which was not

made public in full: There were \$11,000,000 behind the Huerta movement, and the former clerical party in Mexico was backing it. Pascual Orozco, Jose Orozco, Isabelle Pascual Orozco, Jose Orozco, Isabelle Comez Rollo, former secretary to Orozco, now living in San Antonio, and Gen. Jose Ynez Salazar, now in prison in New Mexico, were to have been the Huerta generals who were to launch the revolt. As soon as they captured Juarez, Huerta was to have pronounced it his provisional capital Six thousand riffes had been ordered for the revolt, also sixty machine guns."

Reason Given for Confession.

According to the district attorney's office, Orozco decided to make a clean breast of his knowledge of the alleged plot when certain friends in whom he trusted and gave money to have his hond furnished, proved false. The bond furnished, proved false. The sworn statement was said to have been made to Assistant United States District Attorney R. E. Crawford.

Orozco, it is alleged, detailed the story of alleged plans for an uprising with ramifications in half a dozen states and for which agents in New York, New Orleans, Galveston and San Antonio were working. Huerta was in New York while the plans for the invasion of Mexico from the United States were arranged, according to the information from the district attorney's office, but left for the west when everything was ready for launching the scheme to seize Juarez and make it the provisional capital of Mexico.

Arrest of Dictator.

Then came the arrest of the forme dictator in El Paso. According to the statement this did not prevent Pascual Orozco from attempting to carry out the original plans. Orozco crossed into Mexico, forfeiting his bond given in the United States, and joined Jose Oroz-co in an attempt to get men and arms across the border into Mexico at a point east of Juarez, the alleged confession

Jose was arrested in Texas while trying to take these arms across and Pascual was killed several weeks later in
west Texas, while he was endeavoring
to recross into Mexico to head a large
body of troops collected and awaiting a
commander.

Speaking on the question of taxation, Gen. Carranza said:

Big Interests Must Pay Share.

"Unfortunately, under past govern ents the big interests have not paid their just share of the taxes. In some cases the wealthy class has been granted special privileges, under which it was excused by the government from the payment of taxes, but such special privileges were in contravention of the Mexican constitution, which specifically prohibits the granting of any such ex emption either to individuals or cor

EL CENTRO, Cal., November 6.-The United States border patrol kept a close Esteban Cantu, Governor of Lower California, from crossing the international line and taking approximately \$45,000 in Calexico, Cal.

An injunction preventing Cantu from withdrawing the money, which was deposited some time ago by him in the name of the Mexican government, was obtained in the superior court late last night by representatives of Gen. Carranza, head of the de facto government of Mexico.

Recently Cantu declared himself independent of both Carranza and Villa factions in Mexico. Carranza then brought suit to prevent the Lower California leader from withdrawing the money

Attorneys for Gov.
